Travels up to 72" with 2 stops

Savaria® Multilift VPL

RELIABLE AND EASY ACCESS

Gain convenient, easy and reliable access with the Savaria Multilift, vertical platform lift. The Multilift easily accommodates a wheelchair with a capacity of up to 750 lbs. Built with durability in mind, the Multilift is up for the challenge of tough climate conditions. You can count on this lift for reliable performance and ease of operation. An ideal deck lift for home use, the Multilift is approved for certain commercial accessibility projects as well.

 savaria®

Savaria® Multilift VPL

RELIABLE AND EASY ACCESS

- ACME screw drive with back-up nut for strength and precision of movement
- Self-supporting base and tower structure houses mechanical components (42" not self supporting)
- Travels safely and smoothly at 8 feet per minute (.04m/s)
- Handles up to 750 lbs with 42 1/8" side guard panels
- Constant pressure controls for operation with key access on car and call stations
- Underpan sensors to stop the lift if it senses an obstruction and emergency stop button on car
- Robust, non-skid, zinc-coated platform available in 3 standard sizes with an optional 36" and 42" wide platform (42" not self supporting)
- Automatic access ramp (16" residential, 24" commercial), field reversible to suit installation need
- Manual hand crank to lower or raise platform in case of power failure with optional battery back-up operating system to allow full functionality of the lift for emergencies
- Weather-resistant lock available for outdoor installations (Savaria WR-500 lock)
- Add optional grab rail, platform gate, fixed access ramp, 90-degree exit or emergency light and alarm on car
